All of the chapters have been declassified except:

Part I. This is wholly the thinking of members of the Special Projects Staff. This paper is classified "Secret" and should remain so classified. If by the time of the opening of the Conference it is desired to have the whole book handled on an unclassified basis, please remove Part I.

II.3.b. "Peaceful Coexistence". This brief carries the classification "Confidential". Authority for declassification of this material is expected from the FBI by 3 June.

II.6.b. "Communist Truce Violations - Indochina". This draft carries the classification of "Secret". A final draft has been checked with other Agencies and has been declassified. I hope that the new version will be substituted by 3 June when comments from other Departments and Agencies have been introduced into the text.
